CSCI/CMPE 2380
Assignment 8
Due: 5/8/2015 by 5 p.m.

The homework is to be turned in by 5 p.m. on the day it is due. April 27th is the Computer Science Student Research Day (CSSRD). You are required to attend at least 2 of the 15 minute talks and give a 2-3 paragraph summary of the talk, and then your opinion of the research. This should be done in single spaced 12 point font. The summary can include why you liked the talk, or research areas you are interested in related to the topic.

The format should be a bold title, then the summary. Each summary should take ¾ to 1 page in length. Each report should be on a separate page.

**A Talk on Some Subject**
This is a paragraph about the subject that was talked about. It should be almost a page, and I have two of these to write. However, this is just a sample paragraph so it will clearly be less than a page.

**Bonus:** (2 points) Share something you're going to do over the summer.
